

Education / Entertainment for Paranormal Investigators, Students & Events

With over 20 years experience in Paranormal Research and 15 years of helping educate the public, we are here to offer you an amazing learning experience

- We offer an experience based on your needs.
- If you are an Educator seeking a source of Science education with a twist of entertainment we can customize a talk for your group or class.
- Are you currently a Paranormal Investigator or are just interested in the field, we can create training for you based on your requirements.
- Does your organization need an entertaining talk? Do they enjoy a good ghost story or hearing about Colorado's amazing history? Then this is for you.

**ROCKY MOUNTAIN
PARANORMAL**

Each of our Talks can be customized to meet your specific needs.

Talks for Students & Events

We have spent many years discussing the scientific method and its use in Paranormal Claims Investigation

Talk Topics:

Ghost Hunting 101 -

How to examine Paranormal claims using Critical thinking, and the Scientific Method

Ghosts of Colorado –

A look into some classic Colorado haunts, the history, urban legends and our investigations at them

Based on a “true” story –

The reality behind some of Hollywood’s biggest Paranormal films

For Entertainment Purposes Only –

A look at the “reality” behind Paranormal reality media and its impact on beliefs

Ask a Paranormal Investigator –

This is an open discussion that allows interaction with the audience

Talks for Paranormal Investigators

We offer an extended version of our “Ghost Hunting 101” talk with hands on experience and extensive Q&A opportunities
